

Into the Woods Kindergarten

Here at Red Butte Garden, we believe learning is fun and can happen anytime, anywhere. To help continue the fun at home, we've included an outline of the topics we'll study this week at camp as well as a list of additional activities, books, and other resources related to this week's theme. We hope you'll use this to engage with your camper and keep the learning process happening all summer long! Thanks for coming to Summer Camp, and we'll see you soon at the Garden!

CAMP THEME

Many different animals and plants live at Red Butte Garden. Each day this week we'll use our senses to investigate a new mystery about the different things that call the Garden's "woods" home. Along with the topics below, be sure to ask your camper about each day's mysterious garden dweller.

- **Monday** – Egg laying animals and RBG birds
- **Tuesday** – Origin of seeds, edible seeds, and plants grown from seeds
- **Wednesday** – Parts of animal homes, RBG animals and their habitats
- **Thursday** – Characteristics of Garden rocks and uses of rocks
- **Friday** – Animal track definition, RBG animals and their tracks
